Thank you for your interest in Rapid Transit System. Please read this introductory material carefully. A more detailed handbook is available upon request and once approved. This information explains transportation requirements of the Americans with Disabilities Act (ADA) and identifies the features of Rapid Transit System Dial-A-Ride, which is a shared ride service provided to certified individuals who are unable to use lift-equipped accessible fixed-route bus services provided by RapidRide.

WHAT IS DIAL-A-RIDE?

♦ ADA Paratransit service (Dial-A-Ride) for those persons whose disabilities prevent them from using regular lift-equipped fixed-route bus service. This does not include disabilities that make use of regular accessible transit service difficult or inconvenient.

♦ The specific criteria for determining who is eligible for ADA Paratransit are defined by ADA law.

♦ Dial-A-Ride is not a free service; the cost for a ride varies from $3.00 to $3.50 each trip.

♦ Dial-A-Ride is a ride share service, meaning approved applicants will need to ride on the bus with others which may impact travel times.

♦ There are two types of eligibility: unconditional and conditional. Unconditional eligibility is granted if your disability prevents your use of regular, lift-equipped fixed-route buses for any trips. Conditional eligibility would apply if the determination finds that there are some trips for which you can use regular lift-equipped accessible fixed-route bus service. This means that you would use regular lift-equipped fixed-route buses for certain trips and would be eligible for Rapid Transit Dial A Ride Paratransit service for others.

APPLICATION PROCESS:

♦ Complete your portion of the application form (Section I & II).

♦ You are also responsible for forwarding the enclosed Request for Professional Verification (Section III) form to a health care/rehabilitation professional familiar with your disability and your functional ability to use
lift-equipped fixed-route bus service. Rapid Transit may contact the health care/rehabilitation professional to verify your information and to ask supplemental questions related to your ability to use regular, lift-equipped fixed-route bus service.

* Submit all portions of the application to the Rapid Transit System. After we have received all the necessary documentation, we will reach out to conduct an interview/orientation (by phone, email, and/or in person.) Your eligibility for Rapid Transit System Dial-A-Ride service will be determined within 21 days.

If you have questions or if you need the information in this packet in alternative formats, please contact me.

Thank you again for your interest.

Dear Health Care/Rehabilitation Professional:

The above named applicant has identified you as a health care/rehabilitation professional that is familiar with his or her disability and functional abilities to use transit services and has given us permission to contact you for additional information. This information is necessary to determine which transit services the individual is eligible to use under the regulations of the federal Americans with Disabilities Act (ADA). The ADA mandated improvements to public transit services so they are easier to use by persons with disabilities. With this mandate, Rapid Transit System has made significant improvements to ensure that our regular fixed-route bus service is usable by riders with disabilities. Importantly, since the purchase of new buses in the summer of 1992, all of the fixed-route buses operated by Rapid Transit System have wheelchair lifts to allow boarding by individuals using mobility devices as well as other riders who find use of the steps difficult.

The ADA also mandated that ADA Paratransit service be available to persons whose disabilities prevent their use of regular lift-equipped fixed-route bus services. **This does not include persons who find it uncomfortable or difficult to get to and from fixed-route bus stops, as disability alone does not automatically qualify an individual for ADA Paratransit service.** We are asking you, as a professional, to give us accurate information regarding the functional abilities of the individual named above so that we can determine whether the individual is eligible for Rapid Transit System’s ADA Paratransit service.

Please complete the attached form and mail or fax it back to our offices at:

Rapid Transit System

Fax – 605-394-6608

Please provide this information within one week of your receipt of this request so that we may respond in a timely fashion.

Thank you very much for your prompt assistance. If you have any questions, please call Kendra Magelky (605) 394-6631.

Sincerely,

Rapid Transit System
